WESTERLY TOWN COUNCIL MEETS

Solicitor Agard to Act in Suit Against Town—rees Injured by Gas Considered—Rt. Rev. William N. McVicker Speaks at Christ Church Reception—Town's Wealth Increased by Sand Bank.

The monthly meeting of the western town council was held Monday with President William Clark presiding and the councilmen present. Maurice W. Flynn, William Cully, Albert H. Langworthy, Clarence Maxson, and Horace E. Burdick. Clerk Everett E. Whipple read the minutes of the previous regular and special meetings, which were approved.

Town Solicitor Henry B. Agard reported that he had received official notice of the suit of Walter J. Kenyon against the town, with claimed damages of \$5,000, for alleged injuries received by the driving of his horse into a ditch, June 4, near the residence of Simon P. Nichols. The claim is made that the mishap was caused by a defective highway, the town failing to maintain a safety rail at that point. The writ is returnable to the superior court at Kingston, November 12, and the case is authorized to make answer to the writ, and take charge of the case in behalf of the town.

The October bills were approved and ordered paid.

Ex-Town Solicitor Everett A. Kingsley, in a report of expenses in detail in connection with the case of Courtland P. Chapman against the town of Westerly. The expenses were \$27.50 and the receipts \$54.90, leaving a balance of \$27.40. This expense was since June 1, when he was retired as town solicitor.

Mr. Agard said that Attorney Barney of Providence was associated with Mr. Kingsley, who was familiar with the case in the Chapman case. He was of opinion that Mr. Kingsley was fully authorized, according to the vote, to go to and with the preparation of the Chapman case, until ordered to the contrary by vote of the council. Mr. Agard declared that he was not seeking entry into the Chapman case, but if the council ordered of course he would accept. Mr. Barney is leading counsel in both the Clark and Kingsley cases. Expression was made by councilmen favorable to the substitution of Mr. Agard for Mr. Kingsley in both cases. Subject to the action of the council, Mr. Barney by telephone before making a change in local counsel.

It was learned that Mr. Barney said he did not think it wise to change Mr. Kingsley at this time in the Chapman case, as considerable work had been done, and Mr. Agard also preferred to have Mr. Kingsley continue in that case. Mr. Barney said the change could be made, if the council directed and agreed without serious detriment to the case, but some of the work must be done over again. No change was made.

Mr. Kingsley was dropped from the Chapman case and Mr. Agard is to take charge as town solicitor. It was voted with notice to that effect, give Mr. Kingsley, who had previously turned over the papers in the case to Town Solicitor Agard.

The bill of Mr. Kingsley of \$100 in the Chapman case was then taken up for consideration. On motion of Councilman Flynn, the bill was referred back to Mr. Kingsley with instructions that he present an itemized bill.

J. W. Martin applied for a hotel license for the Windsor house. It was granted, the applicant to be held plainly that the license did not carry with it the right to sell intoxicating drinks.

Wilbur A. Clark was granted permit to conduct a restaurant at 22 Canal street.

Chief of Police Bransfield reported the work of police for October, which included four arrests and four store doors found open.

Lewis Stanton, health officer, reported that while there had been several cases of contagious diseases on the west side of the river, there had been none in the town of Westerly during the month.

Joseph Guarino applied for license to establish a pool room at 31 Pierce street. The council voted to give petitioner leave to withdraw.

The matter of the alleged destruction of trees in Elm street by leaking gas was considered, as was the authority of the tree warden whose rights are quite broad, as fully explained by Solicitor Agard. He questioned whether the gas company wanted to prevent further destruction and place reasonable restrictions upon the work of the gas company. Councilman Maxson said the gas company had already showed evidence of bettering the conditions.

President Clark stated that the town had never granted any gas company the right to lay pipes in the streets and that the company had no franchise for the privileges. Some twenty years ago a gas company was chartered by the state and they commenced work in the town.

Mr. Clark said that it would require expert testimony to decide whether the trees referred to were killed by gas and that the town had no right to take action against the gas company. He said that the town had no right to take action against the gas company.

As the gas company had no town franchise, the council prevailed that the council was in a position to dictate to the gas company, and it was suggested that officers of the gas company be held before the council, but no action was taken. It was suggested that the company be stopped from spending any more money until damages to the trees were made good, but this, too, was merely talk. The whole matter was continued for further consideration and the town solicitor was requested to look up the legal conditions.

The closing exercises of the diamond jubilee of Christ Episcopal church were held in the Sunday school room of the church, Monday evening, and in the form of a parish reception. There was a social season with refreshments. Also an address by Rt. Rev. William N. McVicker, Bishop of the Rhode Island diocese, who while congratulating the local parish spoke in the presence of the church and the presence of the diocese as a whole.

Rev. William P. Williams, rector of Christ church, spoke for his parish and parishioners, and ex-Governor Utter made an address of congratulation in behalf of the town of Westerly. The exercises were held in the church, which was filled to capacity.

Rowland W. Dunham was at the piano and charge of the musical part of the exercises, a feature of which was the soprano singing by Miss Emma Noyes of Boston. During the instrumental solos, all congratulatory in character, were made by past and present members of Christ parish, in which the work of the rector, Rev. Mr. Williams, received the most cordial compliments and commendation.

The beneficial results of the small public libraries, especially in towns was an important theme at the fall meeting of the Rhode Island Library association, held at Portsmouth and Bristol, Friday and Saturday, November 1 and 2. The bill of Mr. Kingsley of \$100 in the Chapman case was then taken up for consideration. On motion of Councilman Flynn, the bill was referred back to Mr. Kingsley with instructions that he present an itemized bill.

J. W. Martin applied for a hotel license for the Windsor house. It was granted, the applicant to be held plainly that the license did not carry with it the right to sell intoxicating drinks.

Wilbur A. Clark was granted permit to conduct a restaurant at 22 Canal street.

Chief of Police Bransfield reported the work of police for October, which included four arrests and four store doors found open.

It is well worth trying.

Just send your name and address to Pyramid Drug Co., 92 Pyram Building, Marshall, Mich., and receive free by return mail the trial package in a plain wrapper.

Thousands have been cured in this easy, painless and inexpensive way, in the privacy of the home.

No knife and its torture.

No doctor and his bills.

All druggists, 50 cents. Write today for a free package.

Isn't it strange? Did it ever occur to you that the reason medical doctors have so little success in curing Tuberculosis is because they really do not practice medicine? They say that a specific exists for the cure of Consumption is perhaps too late. In curing Tuberculosis we have the means of saving many a life to years of usefulness and in permanently curing a large number of Consumptives.

Telling every sufferer to gorge himself with eggs and milk is apparently the limit of modern treatment. Certainly a person afflicted with a wasting disease should be well fed with wholesome, nourishing food, but frequently raw eggs in quantities cause digestive breakdown and then no food nourishes. As for milk, a very good food for many, but a producer of biliousness for some.

Any diet that keeps a Consumptive well nourished is the right one, but what is going to cure the patient? Eckman's Alternative has cured and is curing many a case of Consumption. Let me tell you how. Here is a specimen:

Dr. Savannah St. Rochester, N. Y. Gentlemen: On Jan. 3, 1907, I was operated upon for Tuberculosis. Peritonitis at St. Mary's Hospital, St. N. Y. After the operation my physicians gave me up. I was then urged by Eckman to take Eckman's Alternative, which I did. My weight at the time was 72 pounds, but I began to improve and steadily gained in health and strength. I now weigh 125 pounds and am absolutely cured.

(Signed affidavit.) EDNA FINZER.

Eckman's Alternative is good for Throat and Lung Trouble and is on sale by The Lee & Osgood Co. and other druggists. Ask for a booklet of cured cases, or write to Eckman Mfg. Co., Phila., Pa.

A PRODUCT OF DIXIE
Cotton has always been one of the principal resources of the South. In former days, only the Cotton lint was valued and preserved. The seed was thrown away as worthless. In recent years, however, the skill and genius of experts have developed this waste product into the Cotton Seed Oil adds millions of dollars each year to the wealth of the South.

Foremost in perfecting methods of refining and utilizing the oil have been The N. K. Fairbank Company. They first appreciated the need of a cooking fat more clean and wholesome than that made from the fat of the hog in the manufacture of Cottolene they have changed Cotton Seed Oil into a cooking fat as wholesome as olive oil, yet so pure and neutral that many households use it in place of butter in making fine cake.

EVIDENCE OF PROSPERITY

We have, from time to time, shown in our advertising, comparative statements of our condition. This, we believe, is of interest to the general public, and especially so to our customers, who have, by their patronage, contributed to our

GROWTH MEASURED BY DOLLARS.

The figures given are from our statements made public in response to the calls of the Bank Commissioners.

| | June 9th, 1903 | Jan. 11th, 1905 | May 20th, 1907 | Sept. 30th, 1909 |
|----------|----------------|-----------------|----------------|------------------|
| Deposits | \$118,136.98 | \$291,038.92 | \$538,030.62 | \$830,527.08 |
| Assets | \$92,284.46 | \$469,142.90 | \$798,790.20 | \$1,000,413.10 |

An increase of over 700 per cent. in about six years.

This development is particularly gratifying to us because of the fact that a very large proportion of this gain in deposits is new business created by our special effort and facilities and not attracted from other institutions, as is evidenced by the continual increase of deposits in every bank in Norwich.

GROWTH MEASURED BY SERVICE.

Increases of deposits result from growing balances in old accounts and the acquisition of new ones. We gauge our value to this community by the number of people we serve, and by the quality of the service, and we feel that the one attests the other.

June 8th, 1903, our depositors numbered 277 with deposits of \$118,136.98.

Sept. 1st, 1909, our depositors numbered 1931 with deposits of \$830,527.08.

The facilities that have secured these results are yours for the asking. They include ample security, prompt and courteous attention and equipment for every banking need.

In Response to Repeated Requests

for the convenience of our customers in Commercial Department, who need to protect Saturday receipts, and Savings Department customers who cannot call in usual banking hours, without loss of pay, this bank will
